

CLASS REFLECTION: SOCIAL COHESION

Social cohesion involves *reaching out* to help those who feel undervalued, who feel that things aren't fair for them

“It’s not fair!”

What do these words mean?

Can you think of a time that you saw unfairness for someone else?

What does it mean to *reach out* to someone?

What did Jesus teach about *reaching out* to someone?

What will someone think whom you are *reaching out* to?

Spend a few minutes looking at this picture of someone reaching out to help someone else.

What could you pray for people who need someone to care?
